Sign into Your Phone
A Windows Live ID is the email address you use to sign in to services like Xbox LIVE®, Zune®, and Hotmail®.

Note: This step can be skipped until a later time. To add an account after the initial set up, go to Settings, and then tap email + accounts > add an account > Windows Live.

You can see your Xbox LIVE scores or achievements or use your Zune Music Pass on your phone by using your Xbox LIVE ID or Zune ID to sign into your phone. To check the ID you are using:

• For Xbox LIVE: On your Xbox 360® console, sign in with your gamertag, then press the Guide button on your controller (the one in the middle that looks like the Xbox logo).
• For Zune: Sign in to the Zune software on your PC. Right-click your profile picture and click Switch user to see your Windows Live ID.

Lock and Unlock the Screen
To lock the screen, briefly press the power button.

To unlock the screen, press the power button, then drag or flick the screen up.

About the Start Screen

The Start screen contains tiles that are associated with apps and Hubs on your phone. Flick up or down on the screen to see the other tiles.

Pin Items to the Start Screen

You can pin all sorts of things to the Start screen, including apps, websites, map locations and even contacts. When you pin a contact to the Start screen, you'll get all of that person's feed updates—right from that tile.

- To pin most things to the Start screen, press and hold the item until the menu appears, then tap **pin to start**. For others, you can tap pin in the app bar at the bottom.

- If you'd like to move a tile somewhere else on the Start screen, press and hold the tile, and move it where you like it.

- To remove a tile, press and hold it, and tap unpin .

Tap the top of the screen to display the status bar.

Tap to go to the application list.

Tap a tile to open the application or Hub.
